2 Bulls-eyes at Once

Bulls-eye No. 1. Beautiful flower: a concoction of yellow and scarlet. Its petal is half-cut and is even more enjoyable if you can get both the yellow and scarlet colors. The blossoms are large and well-shaped, blooming from May to October. The leaves are dark green, and during the summer they are a silvery, shimmering, frosty bluish green. Plants of this variety are excellent for setting off the beauty of the flowers.

Bulls-eye No. 2. Delicate, Frilly, and Beautiful. The blossoms are a combination of the two. The leaves are dark green, and during the summer they are a silvery, shimmering, frosty bluish green. Plants of this variety are excellent for setting off the beauty of the flowers. These plants were grown from seed that cost 6½ cents each. These plants will bloom this summer.

Note: These are Potted Plants—see catalog page 10 for descriptions and prices.
